

DANIELSON AND PUTNAM NEWS

DANIELSON

Mason and Hall, Horse Thieves, Escape from Brooklyn Jail—Force Cell Doors and Get Out Through Unprotected Ceiling to Attic.

Benjamin Weisberg of New York is spending a few days with his parents, Mr. and Mrs. A. Weisberg of Broad street.

Mrs. W. A. Whipple is spending several days at Waltham, Mass.

Mrs. Joseph Parent, formerly of Danielson, is a patient at the Paxton hospital, Utica, N. Y., where she recently underwent a serious operation. Her recovery seems assured.

Mrs. Jane Rooney, mother of Mrs. John Healy of School street, is recovering satisfactorily at the Memorial hospital in Worcester from an operation for the removal of a cataract from one eye.

Walter Murphy, who has been at his home in Lawrence, Mass., for several weeks, has resumed work as clerk at the Attavauigan hotel.

Mrs. Simeon Waldo was reported Tuesday as dangerously ill at the home of Mr. and Mrs. George Danielson.

Only a comparatively small number of trout were taken from brooks in this section during the fishing on Monday and Tuesday, and large catches are not expected until the water in the brooks recedes.

FUNERAL

Warren W. White.

Funeral services for Warren W. White, 29, were held at the home of Mr. and Mrs. Walter P. White on Railroad street Tuesday afternoon at 1 o'clock. Rev. Clarence H. Barber of the Congregational church, of which the deceased was the oldest member, was the officiating clergyman. Burial was in Grove street cemetery. Putnam, in which town Mr. White lived the greater part of his life, Louis E. Kennedy was the funeral director.

CLOTHING PRICES ADVANCE

Dealers Claim Advance in Wages is the Cause—The Ultimate Consumer Pays the Difference.

Retail dealers in clothing in Danielson already commence to feel the effect of the advance in wages for woolen and worsted mill operatives in New England. On Tuesday one dealer received by express a box of blue serge suit upon which an advance of 8 per cent. from the old price had been made. A letter from the manufacturer explained that the advance was to offset the increased cost of production due to the increase in wages at the mills in Lawrence, where the goods were made. The dealer, to protect himself, must get a dollar more for the suit. A knowledge of higher mathematics is not necessary to determine who finally meets the cost of the wage advance.

Auxiliary Station Needed.

Chief A. P. Woodward of the fire department is to have inserted in the warning for the annual borough meeting to be held next week a clause asking for an auxiliary station.

Hood's Sarsaparilla

Cures All Spring Ailments.

Mrs. Marion Bruce, Cumberland, Me., writes: "I have taken Hood's Sarsaparilla for a great many years, and I think it the best blood medicine in the world. I take it both spring and fall. This last winter and spring I was in very poor health. I was weak and had lost all my appetite and I was all run down. As soon as I began to take Hood's Sarsaparilla my strength came back and my appetite returned. I am now well, do my housework, and no longer have that tired feeling." Get it today in usual liquid form or chocolate tablets called Sarsatabs.

ing for action on the proposition to establish an auxiliary sounding station for the fire alarm telegraph system. At present the steam siren on the mill of the Danielson Cotton company is the only siren upon which the reliability of the whole system depends, and Chief Woodward feels that there should be an auxiliary station as a protection against any possible failure of the present arrangement to work. An auxiliary siren can be installed without great cost, it is understood, and made to strike some bell in the borough that would give an alarm if the whistles failed to do so.

REV. O. G. GRISWOLD.

New Pastor at Methodist Church—Comes from Whitman, Mass.

Rev. O. G. Griswold was assigned by the Southern New England Conference in Providence as the new pastor of the Danielson Methodist church. Rev. Mr. Griswold will take up his duties here at the services Sunday. He comes to this town from Whitman, Mass., where he has been located for six years and where his ministrations have been so successful that the people of his church were very anxious that he be returned to them for another year. Rev. Mr. Griswold, who is said to bear a striking resemblance to William Jennings Bryan, is described as of forceful character and as an excellent preacher. He is about 35 years of age and has a wife and child.

COTTON MILL TO RESUME.

Will Mean the Starting Up of 757 Looms at Big Plant.

After being idle, or nearly so, for months, it is said that it is probable the mill of the Danielson Cotton company will resume operations within a few weeks. Just who will operate the plant is uncertain at this time. Prospective purchasers of the property are to make an inspection of it this week. If they fail to come to an agreement, it was said Tuesday by a man connected with the company, the Danielson Cotton company will start the mill, this probably by May 1. At the present time only five operatives are engaged in running out warps on looms at the mill. The probability of the opening of the mill, which has 757 looms, will be hailed with delight in local business circles.

ESCAPE FROM JAIL.

Mason and Hall, Horse Thieves, Force Cell Doors and Get Out Through Attic.

Two horse thieves under sentence to serve undergrate sentences of from one to three years each in the state prison escaped from the jail in Brooklyn during Monday night. The men are Edward Mason, 30, and Henry Hall, 28, both of Attleboro, Mass. They were sentenced to terms in the state prison for stealing, in November last, a horse in Attleboro Falls. Judge W. L. Bennett imposed sentence in the superior court at Putnam during the March term of court. They have since been held at the county jail because the state prison is so crowded that there is no room for them.

Mason and Hall made their escape by forcing open the door of their cells and gaining the corridor, whence they passed into the back tower of the jail, cut their way through a ceiling into the attic, forced out the glass of an unbarred window, and then, tying together sheets taken from their cells, let themselves down from the third to the second story window, from where to the ground the windows are barred, the iron gratings being used by the escaping prisoners as ladders to descend to the ground.

The men had no more than fifteen minutes' start before their escape was discovered, but though an immediate search was instituted and warnings sent in all directions, they could not be located, and had not been up to a late hour Tuesday.

Danielson officers remained on duty until an early hour Tuesday morning in the hope of capturing the men.

The ease with which the pair managed to break jail was a surprise to the jail officials, who were unaware that any wall or ceiling at the institution was without a protecting shield of sheet iron or cement, of both. The ceiling attacked, however, proved to be without even boarding above it, and all they had to do was to cut through a covering of plaster and lath. Another peculiar circumstance is that the men should have known where such a vulnerable spot was. It is assumed that the fact was known to some of the other prisoners, who may have given their information to Mason and Hall. Descriptions of the escaped convicts were sent out broadcast Tuesday.

Holy Week Services at Hartford Cathedral.

This (Wednesday), Thursday, and Friday evening the office of the Tenor will be chanted at St. Joseph's cathedral in Hartford. For many weeks the choir has been preparing the music of this great week. The office will be rendered impressively and the plaintive music will be especially advised this year. On Thursday the ceremony of the blessing of the holy oils will take place. Every parish in the diocese will be represented either through the pastor or a priest appointed by him. After the bishop has blessed the oils they are distributed to the pastors who guard them for the use of the sacraments during the coming year. The ceremonies of Holy Thursday are among the most solemn of the liturgical year.

Knows How It Feels.

Colonel Harvey knows how to sympathize with the Denver burglar who was disabled by being hit in the face by a waitress with a hot custard pie—Cleveland Leader.

East Hartford.—L. C. Baker is constructing a new vault at St. Mary's cemetery in Burnside. The vault will be of concrete and granite facing, will face Woodland road and be about 50 by 20 feet.

PUTNAM

Five New Cells for Police Station—High School Grounds Not Available for Paid Ball Games—New Methodist Pastor from Jewett City—Silver Jubilee of Sister M. Leontine.

Five new steel cells for the new police station in the municipal building on Church street are to be received here in about three weeks. If the company that has the order for them gets them out on time.

Alderman Hector Duvert of the police committee said Tuesday that the cells will be modern and first class in every respect. They are to be of regulation size and equipment, with some additional devices that will insure the safe keeping of anyone that happens to get locked within one of them. One of the special features of the cells is to be a burglarproof metal casing about the locks on the doors, this casing to be of material that will resist all effort to force them open.

Aside from the five cells above mentioned, Alderman Duvert has made arrangements with the Cleveland firm that is to manufacture them for iron gratings for the windows in the police department of the building. There is also provision made for a woman's cell in the new police headquarters. This cell is not to be considered in any sense as a bridal chamber, but it will have furnishings somewhat different from the other cells, all of which will be equipped with bunks. Included in the order that has been placed, when the new police station is fully fitted it will be one of the best in this county, and a great improvement over the old quarters in the basement of the Central block.

School Grounds Not for Paid Ball Games.

Putnam's town school committee has voted not to give permission to any baseball club to use the high school grounds for games to which admission is to be charged, the feeling being that such a policy would be contrary to the rights of all citizens and taxpayers, to whom the grounds belong. It is not to be understood, however, that the school committee is opposed to the use of the grounds by teams that might wish to play there, but there is a question of the right of any organization to have the use of the grounds for charging admission in view of the fact that the land is the property of the town.

Burial of Warren W. White.

The body of Warren W. White, who died Sunday at the home of his son, Walter P. White, in Danielson, was brought here Tuesday afternoon for burial in Grove street cemetery. Mr. White left this town nearly a score of years ago, since when he has resided in Danielson, but he is remembered by the older citizens of Putnam as a man who was for many years prominent in public affairs of this town. He was ninety years of age on October 25 of last year.

Methodist Pastor Comes from Jewett City.

Rev. George D. Stanley, who has been the pastor of the Methodist church at Jewett City, comes to Putnam on Sunday next as pastor of the local church of that denomination, succeeding Rev. E. W. Belcher, who has been in charge of the local church for the past four years, when he came here as the successor of Rev. E. W. Gray. Like Rev. Mr. Gray, Rev. Mr. Belcher goes from Putnam to Hampton, this state. Rev. Mr. Stanley will be the guest of Mr. and Mrs. J. Clinton Nichols during his stay here over Easter Sunday.

Purchased Buffalo Horses.

Twenty-eight horses purchased in a recent sale at Buffalo reached here in a "horse palace" car attached to the 2:10 passenger train Tuesday afternoon. The horses were the property of H. H. Davidson, formerly of W. H. Young, Woodstock, and John Jarvis of this city, the men having returned from Buffalo on an earlier train Monday. The horses, comprising the second carload to be shipped in here this

spring by the men mentioned, were unloaded in the freight yards soon after four o'clock.

Unclaimed Letters.

Letters addressed as follows are unclaimed at the Putnam postoffice this week: Max Borschman, Rev. W. H. P. Faunce, Frank Freeman, G. S. Leedomer, J. H. Wagner, Carl Nelson, Melvin E. Stary, Winters, Swift & Co., Mrs. H. E. Bell, Miss Emily Hall.

Willie Jones Makes a Hit.

Willie Jones had a lovely time at the Bradley theater Tuesday afternoon. Willie is a vaudeville star and certainly has one of the best times on the stage of anybody in the business. While he is doing his monologues and musical act he appears to enjoy himself hugely, as does everybody who gets a look at him. And Willie is some musician.

Ralph Durfee Home.

Ralph Durfee was a visitor at his home here Tuesday for the first time in fifteen months. Mr. Durfee is manager of a theatrical company, the Texas Cattle King, that played in a Danielson theater Tuesday evening. During the year and more that he has been away he has traveled over the greater part of the United States and has covered considerable territory in Canada.

Anxious to Dress Up Town.

A scholar for a decorating agency was in Putnam Tuesday looking for business incident to the dedication of the new soldiers' monument on Memorial day. He said that he had learned from a New York publication that Governor Baldwin and other high state officials were to be here and that the plan was to generally decorate the buildings of the city. Governor Baldwin is not to be present, however, according to information to be had Tuesday, and the indications were that the decorating man had been reading something that was not wholly true.

Better Than Political Honors.

Senator George A. Hammond, Representative J. F. Carpenter and Hector Duvert of this city and Representative Charles J. Johnson of North Grosvenordale happened to be here together at the postoffice here Tuesday afternoon, and the gathering almost immediately resolved itself into a congratulatory party to Representative Johnson, who announced that he has recently for the first time become a father. Mr. Johnson says that he is prouder of the little girl than anyone can imagine.

Minor Matters.

This is vacation week for the children in the schools of Putnam. They will go back to their studies on Monday of next week.

Henry C. Markham of Bristol, R. I., was a visitor with friends in Putnam Tuesday.

The political small talk going the rounds contains mention of candidacy of prominent Putnam men for election to the next house of representatives of the Connecticut general assembly.

Dogs to Be Muzzled.

Every dog owner in the town of Putnam is supposed to see that his or her canine pet appears in public this (Wednesday) morning with a muzzle on. Today the order of H. O. Averill, state commissioner of domestic animals, becomes effective and for a period of three months dog owners must either muzzle the animals or keep them confined. Those who do not pay strict attention to the order will hear from Dog Warden Peter Gardner.

TWENTY-FIVE YEARS A NUN.

Sister Mary Leontine of Notre Dame Academy Congratulated on Tuesday.

Tuesday was a festival day at Notre Dame academy, it being the silver anniversary of the profession of Sister Mary Leontine, director of music at the school. At 8 o'clock there was a mass in the chapel, the celebrant being Rev. P. J. O'Leary of New Canaan, a brother of Sister Leontine. Sister Elizabeth Byrne was at the organ and during the mass the musical part of the service was of special note, solos being sung by Sister Ernestine and Miss Aline LaRue. Following the mass an informal reception was held.

ception was held. Eighteen priests from Providence, Boston, New York and other cities were present for the anniversary in recognition of which Sister Leontine was presented many beautiful gifts. In the afternoon there was an entertainment, given by the students, in Academy hall, the programme consisting of orchestra selections, vocal solos, instrumental duets and trios, and also an address by Miss Marguerite Farrell of New York, one of the students at the academy.

Derby.—In the Derby police court Peter Motyl was fined \$5 and costs for swearing on street cars.

Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: *First*—The indisputable evidence that it is harmless: *Second*—That it not only allays stomach pains and quiets the nerves, but assimilates the food: *Third*—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—*Hall's Journal of Health.*

GENUINE
CASTORIA
Bears the Signature of

Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much."

Dr. W. T. Seeley, of Amity, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."

Dr. Raymond M. Everts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."

Dr. Wm. I. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Dr. Howard James, of New York City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "You Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."

Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Roserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
